## PRESIDENTS MESSAGE

Greetings, and a happy summer day to all. The Grand National Meet is now behind us with good memories for all who were able to attend, especially the approximately 14 "NORGites" who walked away with awards. Congratulations

to all! A great preamble to the National Meet was provided by Anne Davis and Joe Wasielewski who shared their celebration of renewing their marriage vows by inviting NORG members to a July 13 Fish Fry (symbolic of having been caught??), where we also were able to inspect their 1940 Ford "work-in-progress." And then, two weeks after the Grand National, giving us respite, repair, and car-cleanup time, approximately 15 of us in 8 flatheads enjoyed the August 3<sup>rd</sup> Mt. Alverna Village "cruise-in," organized by Ron and Karen Mihalek, where we were treated to good weather, very appreciative spectators, and a delightful picnic lunch.

Meanwhile, back at the ranch, Ken Canankamp, who agreed to chair the Nomination Committee for 2009 Officers and Board Members, is seeking candidates and twisting arms; all members are urged to step forward for the good of the Group. Please let Ken know where you are willing to contribute your talents and skills. Also, Georgene Iacobucci, our favorite Headliner Editor is looking for help: photographers; stories; tech tips (many already being provided by Bill Royer); articles for the ladies; event coverage; feature stories; etc. Please let her know how and where **you** will help. (A caution: be certain to make her "1<sup>st</sup>-day-of-the-month" deadlines or you will see our usually high-spirited, good natured lady become otherwise!) Your Board will be discussing these items and others at their next meeting, August 15, so please let any Board member know of ideas, issues, or both that you would like to have considered.

Speaking of August 15, our presenter for the month will be Jeff Hill, Retail Manager for North Gateway Tire Co., Inc., speaking on "Tires for Ford Flatheads and Others (What You Need to Know But Were Afraid to Ask)." Looking forward to seeing you at what will be an informative meeting. In the meantime, take good care of your flatheads and yourselves!

*Foster Buchtel, President*

# Minutes From the Meeting of JULY 11, 2008

The meeting for this month was held at a park next to the Silver Lake administrative center. The meeting was called to order at 7:45 p.m. by president Foster Buchtel. Minutes of the previous meeting could not be found, so the secretary read a passage from page 37 of Webster's Dictionary (1938 edition). The passage was approved as read, since none of us could understand the meanings of all those big words.

Program chair Alex Stall informed us that Jeff Hill from Northgate Tire Company will be the featured speaker for our August meeting. Ken Canankamp, who is chair of the nominating committee, noted that it is time to start thinking about candidates for club offices for next year. This is a warning that you do not dare to miss any of the remaining meetings for this year or you could end up being an officer for next year!!

It was suggested that we form a committee to plan a celebration for the 40th anniversary of the Northern Ohio Regional Group. Although there is some question about the exact date, one version of our charter says the club was officially formed on September 12, 1969--when most of us still had hair and could still fit into our high school clothes. Well, almost fit.

President Foster announced that there will be a board meeting at the Buchtel estate prior to the August meeting.

Jeep reminded us of upcoming activities. On Sunday (July 13) Ann and Joe will put on a fish fry. You know you don't want to miss this!! The Grand National meet will be held in Dearborn on July 14-18. On Aug. 3 there will be a car show and cookout at Alvarez (?) nursing home. Contact Ron or Karen Mihalek for more details. On August 17 Dan and Ginny Herrmann will hold a picnic at their farm. Please RSVP to the Herrmanns so they will know how many people to expect.

Discussion was held on the best route to take to get to the Grand National meet. Don Clink suggested that it might be good to avoid Interstate 75 because there is construction going on close to Dearborn.

Ken Canankamp answered questions about judging standards and procedures for the Grand National.

The ants and mosquitoes at the picnic shelter moved that we meet there again next month. Discussion was held. Members voted down the motion. We adjourned and went home.

Well, actually, a number of the club members decided to check out a rumor that the Handel's Ice Cream shop located fairly close to our meeting place has very good ice cream.

It does.

*Neal Garland, Secretary*

## Tips and Tricks From the Bench of Bill Royer

Did you ever buy a Ford rear axle assembly & had no way to get it home? Years ago I did and made a trailer hitch piece to bolt & clamp to the front of the drive shaft. I Attached it to a trailer hitch on my truck & bolted a length of chain to the axle & truck as a safety chain with 2 wheels and tires on it. Drove home with the axle following like a trailer.

I have done this about 4 times, once 2 years ago with a Lincoln axle in tow & the bed full of other Lincoln parts

Jeep and I did not attend this event in Michigan. But asking around I heard though the grape vine that it was an excellent meet. Jean Rounds said that Craig did a fantastic job as coordinator and we know he is a great president. Nancy Collette said that Dave took her for a little side trip to **Motown** and she can now say that she sang in that studio. To bad pictures couldn't be taken Inside . I'd have loved to see her on the stage singing with three others as the Supremes. 'Stop in the name of love'

Also, Rose Dyling won the super, major grand prize. Guess she can be called Diamond Lil now.

I also wish to thank Don Klink, Nancy, and Foster for sharing their pictures with me so I can put them in the Headliner. Don has taken quite a few and also took a lot of pictures of the cars. They are on one of his photo album web sites with a link on the NORG front page main menu.

Kudos to all that help make the Editor job easier. *georgene*

## A little bit of Sunshine

It is nice to know that Barb Rooney and Jean Rounds were well enough to attend the Grand National.

I got to see Dave Duda the other day and he looked great.

Haven't heard about anyone else

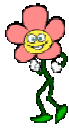

I sure hope no news is good news.

It wouldn't hurt to continue to keep them in your prayers.

*Fish Fry*  
*Fish Fry*

So sorry we missed this event. We always had a blast & enjoyed meeting Anne & Joes friends. Foster sent me some pictures to post. But no one sent me any stories. So I will enclose the joke Foster sent with the pictures.

While traveling in Europe some years ago, I learned that there was a great fish and chips restaurant run by the Monks in a local Monastery. Of course, I went and, sure enough, I had the most delicious fish and chips dinner I have ever experienced. Therefore I went back to the kitchen to extend my compliments to the chef. The first person I met there was a Monk in his holy robes, so I asked, "Are you the fish fryer?". His response? "No. I'm the chip Monk."

I just received a news flash... Anne Davis was at a car show at the VFW in Kent, Ohio. She really out shone the pack with her 40 Coupe. She was in the 40 to 50 yr. class in which she took **First Place**. She also took **Peoples Choice** and of course **Best of Show**

I showed those guys.

Not to be outdone. Joe won the Corn- Holer Contest

## Technical Tip

This Tech Tip is borrowed from the Northern Illinois Regional Group's Newsletter ("Road Chatter," August, 2008)

"Member George Zulas found that the perfect container for soaking a battery cable end to remove corrosion is an empty Yoplait yogurt container! Just mix a solution of baking soda and water in the cup, place the end of the battery cable inside, and soak until all corrosion has been removed. The cup is the perfect size for the cable end, its inverted shape helps prevent tipping over and spills, and the lip makes it easy for the cable to hang on."

## Crisp Watermelon Salsa

This light, mild salsa recipe is perfect for taking advantage of late summer's ripe and juicy watermelons.

Servings: 8

### INGREDIENTS

3 cups watermelon, pre-cubed and seeded  
 2 Anaheim peppers, seeded and chopped  
 1/4 cup cilantro, chopped  
 1/4 cup lime juice  
 1/3 cup red onion, minced  
 1 clove garlic, minced  
 2 tablespoons fresh mint leaves, finely chopped  
 1/2 teaspoon sugar

### INSTRUCTIONS

Combine all ingredients in a large mixing bowl and stir well.

Let chill in the refrigerator for at least 2 hours to allow flavors to blend. Serve with tortilla chips.

**Tip:** Anaheim peppers, also called California green peppers, are mild, sweet peppers that can be purchased fresh or canned from most supermarkets. You can also substitute another mild pepper, like Poblano chilies or canned green chilies. If you want to give your salsa more kick, try using spicy jalapeño peppers instead.

Jeep and I wish to thank everyone who was so kind and thoughtful. We were in awe when we walked into the Church and saw the support of our friends and family. Also the people that came to the cemetery & shared Lunch with us. And all of you that sent us cards. We appreciate everyone and all that was done

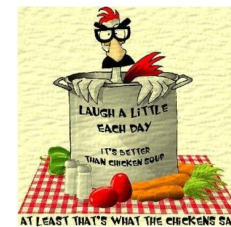

## Why Men Don't Write Advice Columns :

Dear Walter : I hope you can help me here. The other day I set off for work leaving my husband in the house watching the TV as usual. I hadn't gone more than a mile down the road when my engine conked out and the car shuddered to a halt. I walked back home to get my husband's help. When I got home I couldn't believe my eyes. He was in our bedroom with the neighbor lady. I am 32, my husband is 34, and we have been married for twelve years. When I confronted him, he broke down and admitted that they had been having an affair for the past six months. I told him to stop or I would leave him. He was let go from his job six months ago, and he says he has been feeling increasingly depressed and worthless. I love him very much, but ever since I gave him the ultimatum he has become increasingly distant. He won't go to counseling and I'm afraid I can't get through to him anymore.

Can you please help?  
 Sincerely, Sheila

Dear Sheila : A car stalling after being driven a short distance can be caused by a variety of faults with the engine. Start by checking that there is no debris in the fuel line. If it is clear, check the vacuum pipes and hoses on the intake manifold and also check all grounding wires. If none of these approaches solves the problem, it could be that the fuel pump itself is faulty, causing low delivery pressure to the carburetor float chamber.

I hope this helps.  
 -Walter

## SPECIAL POEM FOR OLDER FOLKS

A row of bottles on my shelf  
 Caused me to analyze myself.  
 One yellow pill I have to pop  
 Goes to my heart so it won't stop.  
 A little white one that I take  
 Goes to my hands so they won't shake.  
 The blue ones that I use a lot  
 Tell me I'm happy when I'm not.  
 The purple pill goes to my brain  
 And tells me that I have no pain.  
 The capsules tell me not to wheeze  
 Or cough or choke or even sneeze.  
 The red ones, smallest of them all  
 Go to my blood so I won't fall.  
 The orange ones, very big and bright  
 Prevent my leg cramps in the night.  
 Such an array of brilliant pills  
 Helping to cure all kinds of ills.  
 But what I'd really like to know.....  
 Is what tells each one where to go!

## Medicare-So True It's Sad

*My father-in-law had prostate surgery. We brought him to the hospital at 7:30 a.m., and he was operated on at eight. We were amazed when the hospital called at noon to tell us he could go home.*

*Two months later our beagle, Bo, also had prostate surgery. When I brought him in, I asked the veterinarian what time I should pick him up~ The vet told me Bo would remain overnight.*

*Overnight?" I said.  
 "My father-in-law came home the same day."  
 The vet looked at me and said,  
 "Bo's not on Medicare*
