PRESIDENTS MESSAGE

Flathead fun has begun! Jeep and Georgene Iacobucci organized and led our annual "Check 'em and Fix 'em" shakedown cruise to Presque Isle in Erie, Pennsylvania, May 31 - June 1, with four flatheads, one brand x, and

two modern metals in tow, transporting 15 happy voyagers. Good food, good folks, and good times, with nary a breakdown. Thanks, Jeep and Georgene, for a great season kick-off! June's fun outing will be a NORG cruise-in at the Maize Valley Farm, Thursday, June 26, organized by Alex and Debby Stall; check the schedule inside for the particulars, mark your calendar, and join the fun.

Meanwhile, back at the ranch, our May meeting featured Vice President Don Clink presenting a "how-to" program on new LED tail lights for old flatheads - an excellent program with lots of good information. Don said he would post the presentation on NORG's website (www.norgv8club.org) for those who missed it or couldn't catch it all the first time around; it's well worth printing out and keeping for future use. Thanks Don! Our May meeting also featured two new members, Dan Burngasser (1934 Two-Door Sedan Ford) and Glenn Burrige, and guest Lou Ferrante. Welcome Aboard! We look forward to getting to know you and your flatheads better at future meetings, cruises, and tours!

Also in May, our Board approved donating a \$100 C&G Early Ford Parts gift certificate for the July Grand National Meet's "Your Choice" Raffle. I am pleased to report that C&G agreed to add another \$50 to our donation. Let's just hope that a NORG member wins the resulting \$150 gift certificate! Make sure you buy those raffle tickets at the Meet! Speaking of raffle tickets, we will be giving out raffle tickets for the Grand National Meet's Ford Clock Raffle at our June 20 meeting. Don't miss this opportunity to win one of these three 20-inch Neon Ford Clocks.

NORG's June 20 meeting will be at Bob Jones' BIE business site on Broadway in Akron. Our speaker will be John Applegate, a professional appraiser and member of the Nifty Fifties Ford Club of Ohio, who will tell us how to determine the value of our invaluable flatheads. The setting will also include a great collection of antique cars, many of which are - what else? - flatheads. This will be an "Oscar"-winning double-feature meeting! Check for the details inside this issue.

If the weather is as good as our cars, we should have a great flathead season. Keep 'em shiny and running.

President, Foster Buchtel

Minutes From the Meeting of May 16, 2008

The May 16, 2008, Northern Ohio Regional Group meeting was called to order at 7:35 pm by President Foster Buchtel. New club members, Dan Burgasser and Glenn Burrige, were recognized. Also welcomed back were Bill and Mary Jo Bates, John and Betty Coleman, and Dave and Loretta Duda. Thanks for the cookies go to Barb and Bill Soltis. Noting that the April minutes had been published in the May "Headliner," President Buchtel invited a motion and second for approval, which were called by Craig Gorris and Barb Soltis, respectively. The Treasurer's report was provided by Anne Davis, and approved subject to audit. The club activities report was given by Jeep Iacobucci. Who noted that there we have eight cars on board for the Presque Isle overnight tour on May 31st, and that the Annual Nifty Fifties Summer Classic Car Show is set for June 22nd. Alex Stahl reported that arrangements were made for a NORG night at presence at the Maize Valley Farm Specialty June 26 Cruise In just east of Hartville, starting at 5 p.m... Ron Mihalek noted the August 3rd date for the Mt. Alvema Village Car Show. Anne Davis and Joe Wasielewski reported that they have July 13th, at 1:00pm planned as the date for the Fish Fry at their place. The '39 Ford Dash Project update was provided by Bill Royer. There are several pieces that are being re-chromed, the clock needs some work, and the speedometer mileage and trip wheels need to be re-done. Don Clink will re-create the numbers for both wheel sets. A new glove box door latch was obtained by Craig Gorris, and Bill still needs a socket for the cigar lighter. Recognition was given to Georgene Iacobucci for the May "Headliner" newsletter, and her continued efforts in the Newsletter production. Bill Royer noted that the Restoration DVDs and VCR tapes are available from him with a sign-out required. Barb Soltis gave the Sunshine update. Foster gave the president's report on the May 16th board meeting. The EFV8 Foundation Memorial Brick Certificate for Helen Strauss has been received. Foster noted that the June 20th NORG Meeting will be held at Bob Jones, Business Interiors and Environment, 701 S. Broadway St., Akron. The June meeting program on Collector Car Appraising will be by professional appraiser, John Applegate. The National Club President's report was given by Craig Gorris. Craig reported that there were now 425 registered entrants for the EFV8CA Grand National Meet this July in Dearborn, MI. Craig gave an update from the National Board Meeting, and noted that the proof for the long awaited "1937 Ford Book" was now being reviewed. A new "1932 Ford Book" will be coming out the 1st of next year. A motion to adjourn was made and seconded at 8:40 pm. Don Clink then gave a presentation on the use of LED lighting and options for Early Ford V8s.

Tips and Tricks From the Bench of Bill Royer

When painting small parts with a paint can
 or small spray gun :

Use a large cardboard box on top of your work bench as a paint booth. (Good advise Bill. I used this when I was spraying some garden items. It saved me a mess to clean up. *By the way Bill I'm out of your great tips..... Get the hint??*

*It was a great trip to Presque Isle
 Just ask Ruthie - She won **BIG TIME** at the Casino
 Good for her*

Every one who went enjoyed the weather,
 the meals, the ride through the Island
 and all the other stops along the way.
 Dinner Saturday night was again great.
 We all had a super relaxing weekend to
 start our driving season.

The Early Ford V8 Club of America
Spring Quarterly Officers & Directors Telephone Conference Call Meeting
April 26, 2008

Summary

Business Report: First quarter 2008 income flow was greater than expected and expenses lower, in part because of the delay of 1st quarter billings for the Web site expansion and accessories and book sales; magazine production costs are on track.

Web Site: New features have been added to the web. Members can now have secure access to their membership registration page personal data; renew memberships, verify and change addresses, phone numbers, and vehicle information. These changes will automatically change in the Cornerstone data files.

Accessory Sales: Book and accessory sales for the 1st quarter exceeded \$14,000. The *Early Ford V-8 Cookbook* will be available at the Grand National Meet.

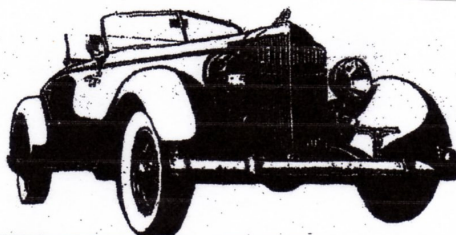

New Restoration Books: The editors hope to have a mock up of the *revised 1932 Ford Restoration Guide* for the Grand National Meet, with printing beginning shortly thereafter; the target release date of the *1937 Ford Restoration Guide* is early 2009; four of seven chapters of the *1952-53 Ford Restoration Guide* are completed; data are being compiled for the *1935-36 Ford Pick-up Restoration Guide*; and the *1949-50 Mercury Restoration Guide* is again underway following a brief interruption.

National Director Elections: National Director Candidates for the 2009-2011 terms are still needed for the following areas: California/Southwest #1; Central; Northeast; and North Central. Any member wishing to be a candidate should contact National Director Arel Brown (315-376-7392 or arelbarb@gmail.com).

National Meets: The 2008 Grand National Celebration (Dearborn, MI), July 13-18, 2008, has over 400 registrations to date. Dates and locations for the 2009 National Meets are: *Western*, May 1-4, Fountain Hills, AZ; *Eastern*, June 24-27, Hartford, CT; and *Central*, August 24-28, Auburn, IN. The 2010 Eastern Meet will be at Charlotte, NC, June 24-36.

National Meet Guidelines: Recommended changes to the National Meet Guidelines presented by a Committee appointed for this purpose have been accepted by the National Board.

Any Nifty Fifties Ford Club member will be happy to give you an application.

Outing at Gateway Tire

It may have been a damp and dreary afternoon but it didn't spoil the good time for all that attended the Open House at Gateway.

The hospitality was beyond expectation. There were hand-outs and food galore. The employees went out of their way to make everyone comfortable. To bad for you if you missed this one.

Tips for saving Gas

- 1) According to the Federal Trade Commission, you can increase your mileage by 10% by replacing your clogged air filter.
- 2) Keep your engine tuned to the owners manual specs and you can improve your mileage by 4%.
- 3) Get your oil changed regularly to reduce friction and look for oil that says "energy conserving" on the performance symbol of the American Petroleum Institute.
- 4) Check your tires for proper inflation. That can increase your mpg by up to 3%
- 5) The proper grade of motor oil can save 1-2%
- 6) Rotate tires when your manual calls for it. About every 6,000 miles. Also check alignment.

And they all came out in the rain

DELICIOUS!!!
Lasagna
LIGHT AND FAVORFUL.

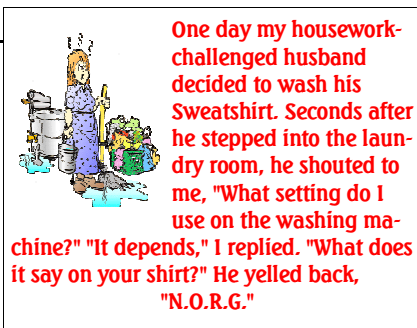

Ingredients

- 1 BOX FLAT LASAGNA NOODLES
- 4 JARS SPAGHETTI SAUCE 1 CHOPPED ONION
- 4 CLOVES CHOPPED GARLIC
- FRESH BASIL CHOPPED
- 32 OZ RICOTTA CHEESE
- 1 CUP GRATED PARMESAN CHEESE
- 4 EGGS BEATEN
- 1 POUND MOZZARELLA CHEESE SLICED THIN
- 1 POUND PROVOLONE CHEESE SLICED THIN (or use the grated type in the dairy isle)
- 1 POUND GROUND BEEF OR SAUSAGE

Directions

SAUTE ONION AND GARLIC IN PAN UNTIL SOFT.
 ADD SAUCE AND SIMMER FOR 5-10 MINUTES.
 SPREAD 2 CUPS SAUCE IN BOTTOM OF ROASTER.
 LAYER UNCOOKED NOODLES FOLLOWED BY RICOTTA MIXTURE, MOZZARELLA CHEESE SLICES SAUCE THEN NOODLES.
 REPEAT LAYERS 3 TIMES.
 TOP LAYER NOODLES COVERED WITH SAUCE THEN COVERED WITH PROVOLONE SLICES
 (Don't put the cheese on top until the last 10 minutes - unless you like it crisp & brown)
 COOK AT 350 DEGREES F FOR 60 TO 90 MIN.

One day my housework-challenged husband decided to wash his Sweatshirt. Seconds after he stepped into the laundry room, he shouted to me, "What setting do I use on the washing machine?" "It depends," I replied. "What does it say on your shirt?" He yelled back, "N.O.R.G."

TEN RULES OF HOUSEKEEPING

1. Vacuuming too often weakens the carpet fibers. Say this with a serious face, and shudder delicately whenever anyone mentions Carpet Fresh.
2. Dust bunnies cannot evolve into dust rhinos when disturbed. Rename the area under the couch "The Galapagos Islands" and claim an ecological exemption.
3. Layers of dirty film on windows and screens provide a helpful filter against harmful and aging rays from the sun. Call it an SPF factor of 5 and leave it alone.
4. Cobwebs artfully draped over lampshades reduce the glare from the bulb, thereby creating a romantic atmosphere. If someone points out that the light fixtures need dusting, simply look affronted and exclaim, "What? And spoil the mood?"
5. In a pinch, you can always claim that the haphazard tower of unread magazines and newspapers next to your chair provides the valuable Fen Shui aspect of a tiger, thereby reducing your vulnerability. Roll your eyes when you say this.
6. Explain the mound of pet hair brushed up against the doorways by claiming you are collecting it there to use for stuffing hand sewn play animals for underprivileged children.
7. If unexpected company is coming, pile everything unsightly into one room and close the door. As you show your guests through your tidy home, rattle the door knob vigorously, fake a growl and say, "I'd love you to see our den, but Fluffy hates to be disturbed and the shots are SO expensive."
8. If dusting is REALLY out of control, simply place a showy urn on the coffee table and insist that "THIS is where Grandma wanted us to scatter her ashes..."
9. Don't bother repainting. Simply scribble lightly over a dirty wall with an assortment of crayons, and try to muster a glint of tears as you say, "Johnny did this when he was two. I haven't had the heart to clean it..."
10. Mix one-quarter cup pine-scented household cleaner with four cups of water in a spray bottle. Mist the air lightly. Leave dampened rags in conspicuous locations. Develop an exhausted look, throw yourself onto the couch, and sigh, "I clean and I clean and I still don't get anywhere..."
