## PRESIDENTS MESSAGE

It's been another good month with another great meeting. Our March 18 speaker, Denny Hudock, kept all present absorbed in his review of the development of auto racing in Northeast Ohio, sharing interesting facts and entertaining anecdotes to illustrate the historical narrative. One of the more interesting stories, at least to our group, was recalling the then-rookie driver known as Jeep Iacobucci (who, now years later, introduced him). We hope Denny comes back to our meetings as a guest (and, hopefully, even a member) so we can get to know him even better.

Thanks, Jeep, for inviting and introducing Denny.

The March speaker will be a tough act to follow. Fortunately, our own Past President Craig Gorris, currently National President of the Early Ford V-8 Club of America, will be our speaker at the April 20 meeting, using a power point presentation to illustrate the major points in his talk, "One Club: National and Regionals." As always, there will be time for questions and answers following Craig's discourse. Craig is a good, down-to-earth speaker who holds the audiences interest while sharing important information. Therefore, all of you are encouraged to attend, call/e-mail/or send post cards to members who haven't been attending and invite them to this special meeting, and bring others who are potential members. In short, we have a great opportunity to reinvigorate and recruit. Let's seize the moment!

As our erstwhile Secretary, Neal Garland, who sometimes takes liberty with reality, suggested in the minutes of the March meeting, they are letting me out early for good behavior. (Either that, or Regis Schilling, Vice President/President In Situ, intervened on my behalf so he could take a well-earned respite and help Craig with the power point.) Thus, if all goes well, I will be back in Ohio for the April meeting so that, I too, can enjoy Craig's presentation. Peggy and I will do our best to bring the good weather back with us.

In the meantime, don't forget attend the April 14 Nifty Fifties Night at the Races, and sign up for the April 21 Hartville Kitchen and Flea Market Car outing that Alex and Debbie Stall have arranged.

I'll see you at the April 20 pre-meeting tire kicking. Be sure and get those flatheads purring and pretty by then.

Foster S. Buchtel, President in Absentia (not for long c u soon)

There will always be death and taxes;  
however, death doesn't get worse every year.

## MINUTES FOR THE MEETING OF MARCH 16, 2007

The meeting was called to order at 7:40 p.m. by Regis Schilling, our president of vice. Minutes of the previous meeting were read by secretary Neal Garland. After the members woke up, we approved the minutes. Treasurer Ann Davis reported on our financial condition. After the members stopped laughing, we continued with the meeting.

Truman Fisher passed around a bag of homemade candy with instructions for each member to take only ONE piece. Wherever he stole it from, it was delicious. Thanks Truman!

Regis reported that our new president Foster Buchtel will be back in Ohio in time to preside over the April meeting. Regis seemed very happy about that. After members recovered the hats, shoes, and other items of clothing they threw into the air, we continued with the meeting.

Regis also reported on the board of directors meeting that was held on February 27. The board has developed a plan of activities that should keep us busy this year! A number of these activities will be joint ventures with other clubs.

To underline our coming joint ventures, Jeep Iacobucci introduced Tony Gulatta, Tom Hogarth, and Mike Wisniewski from the Nifty Fifties Club. They expressed their club's enjoyment of the joint activities we have held in the past and emphasized their club's desire for more activities together. We look forward to sharing lots of tire kicking, cruising, and food with the Nifty Fifties this summer.

Alex Stall informed us that we will have a get-together at the Hartville Kitchen Restaurant in Hartville, Ohio, on Saturday, April 21, with members from the Nifty Fifties. Plan to meet in the lobby of the Hartville Kitchen no later than 10:30 a.m. We will be seated in a semi-private dining area at 11:00, but as you no doubt know, the Hartville Kitchen is a very popular place. Any club members not in the lobby when the restaurant folks seat us will have to wait in line and will be seated wherever there is room--and the waiting line gets long enough to reach to Chicago. Well, OK, at least to Toledo.

Regis reminded us of the Eastern National Meet that will be held in Virginia this summer. We have received raffle tickets from the sponsoring club for two flathead motors, a tool chest, a diamond necklace, and miscellaneous other prizes. Regis asked if the club should donate an Ohio basket to be raffled, as we have done with other Eastern National Meets in the recent past. We voted in favor of the idea. Jeep volunteered to be in charge of assembling the basket.

On a related note, Annette Gorris announced that a diamond necklace will also be raffled at the Grand National Meet in Dearborn next year. She asked the ladies in the club if they thought the necklace should be a plain one, or one in the shape of a V8 symbol. The plain design won the vote.

Membership chair Dick Deyling informed us that another member from last year has renewed his membership, thus adding one more to our list of members.

Sunshine chair Ruthie Canankamp informed us that member Larry Stanek recently had surgery and also had a stroke. He is doing well now. Sonny Hunt also had a medical problem, but is doing well now and is as feisty as ever. Maybe more so! A birthday card was passed around for people to sign. The card is for Nancy Collette's uncle, who is celebrating his 90th birthday--and his name is Henry Ford!

Newsletter editor Georgene Iacobucci announced she soon will be able to include color pictures in the e-mail version of the Headliner, so be sure to send her pictures you would like to have included. (Playboy centerfolds will not be considered--unless there is a V8 tattoo somewhere on the model.) Georgene noted that 50% of the members are now receiving the Headliner via e-mail.

Historian Bill Royer had no history to report. Nothing old happened this month.

1939 Dash Committee chair Ann Davis reported she is having trouble finding gauges for the dash project. She attended the recent swap meet in Zephyrhills, Florida, but didn't find any good ones. (If she reports that there is a good swap meet in Hawaii that she needs to attend, we are going to get suspicious!)

Club webmaster Don Clink informed us that he has updated the club's calendar on the website. He is also working on a news link to the national events. Send him photos of your car if you would like them included in the website. We also have a classified section, so let him know if you have something to sell or are looking to buy something.

Sonny Hunt provided information on the upcoming 1932 anniversary event that will be held in Dearborn this summer. There is a possibility that Sonny might be able to get one of the event coordinators to visit one of our club meetings this summer.

Dave Duda announced that there will be a "Slice of Amish Country" tour on June 16. The tour will begin in Brewster, Ohio, and will proceed to Shearer's Potato Chip factory, Simply Smuckers in Orville, Lehman's Hardware, an inspirational woodcarving shop, and through Waynesburg and Trail, Ohio--home of Trail Bologna. Then there will be a visit to Der Dutchman Restaurant in Walnut Creek, and a return visit to Brewster to the winery located there. Be sure to mark this on your calendar!

Jeep informed us that we will have another joint venture to Presque Isle on May 11. The New York group will be there too.

Jeep introduced Denny Hudock, our speaker for the evening. Denny presented a very interesting and informative look at the history of auto racing in Ohio. It was amazing how many important roles he was able to point to that Ohio has played in numerous types of racing. We enjoyed his presentation very much. Thanks, Denny!

Neal Garland won the coffee can drawing. Now, if he can only figure out what to do with an empty coffee can. . . .  
We adjourned.

Secretary, Neal Garland

MARYLAND BILL HOPES TO EXEMPT OLDER  
VEHICLES FROM EMISSIONS TESTS

ANNAPOLIS - House Bill 1267 has been introduced in the Maryland House of Delegates to exempt vehicles more than 25 years old from the state's mandatory biennial emissions inspection and maintenance program. Existing law in Maryland only exempts vehicles manufactured before the 1977 model year from emissions inspection.

If passed, House Bill 1267 would exempt all 25-year-old vehicles from requiring an emissions test. A hearing on the bill is scheduled for March 21 in the House Environmental Matters Committee.

"DON'T REPLACE WIPER BLADES, JUST CLEAN THEM WITH  
SOLVENT."

Mineral spirits and other petroleum-based solvents kill rubber. Occasional wiping the blades with alcohol removes dirt, but the rubber blades still deteriorate with age and sunlight, and must be replaced regularly.

I hope that Loretta will continue her job by making sure I get out of the shops on time.

Truman noted that he will add to goodies from time to time...

An elderly gentleman had serious hearing problems for a number of years.

He went to the doctor and the doctor was able to have him fitted for a set of hearing aids that allowed the gentleman to hear 100%.

The elderly gentleman went back in a month to the doctor and the doctor said, "Your hearing is perfect. Your family must be really pleased that you can hear again."

The gentleman replied, "Oh, I haven't told my family yet. I just sit around and listen to the conversations. I've changed my will three times!"
