VOLUME 14 NUMBER 7

July, 2007

## PRESIDENT'S MESSAGE:

Greetings!

What a great and busy month we just had! We started the month by wrapping up NORG's usual large (and visible) presence at the Eastern National Meet in Fairfax, VA where we also received our share of awards, were represented at the Shoe Box Ford Club's Annual Meet in Columbus, OH, where Ron Mihalek's newly minted 1950 Mercury took first in the Mercury Class and Best in Show, cheered Jeep Iacobucci and his high school buddy on their cross country trek in Jeep's '47 Mercury to the Western National Meet in California, were also well represented at the Ohio Region Classic Car Club Of America's Annual Stan Hywet Invitational Concours (again, more awards), and applauded Bill Royer's receiving the Best in Show for Fords at the Nifty Fifties Annual Meet held at Ursuline College. But wait (as they say on the TV commercials), there is more!

The day following our June meeting, Dave and Loretta Duda led a convoy of flatheads on a well-planned and equally well-enjoyed tour of Amish Country, with the necessary food and ice cream stops. July offers the happily anticipated Annual Cookout at Dave and Nancy Collette's farm in Western Pennsylvania, joint with the Western New York RG and sundry car and motorcycle clubs and any other antique car fanciers that happen by. If you haven't already had the pleasure of the Collette's cookout hospitality, be sure not to miss this one.

Charlie Jandrey provided a mix of delicious home-made and store-bought cookies at our June meeting which, along with more opportunity to visit among ourselves, helped offset our disappointment with the no-show of our scheduled speaker (we had been forewarned). However, eclipsing all was the sadness we shared upon learning of the loss of Truman Fisher who brought a unique touch and valuable old car knowledge to our meetings and outings. He was a true gentleman and we will truly miss his kindly humor, his aphorisms, and his proud display of "Fisher's 1937 Ford Fordor" at our outings.

This month's meeting (July 20) will feature a presentation on K.R. Wilson tools by Bill Royer, including some examples and demonstrations of their use and worth. Be sure to bring your own sampling of K.R. Wilson tools and/or questions. We will also re-introduce the "tech sessions" at this meeting so if you have any technical questions or tips come ready to share them.

Foster S. Buchtel, President

And don't forget to  
come a little early with your

Need to be out of there by 10:00 pm

All V8 meetings will be at the Stow Community Center  
3800 Graham Road  
Stow, Ohio

July 4th  
The Birthday of Our Country

## MINUTES FOR THE MEETING OF JUNE 15, 2007

The meeting was called to order by president Foster Buchtel at 7:35 p.m. He noted that because we are meeting in the Stow City Hall building instead of our regular meeting place, we must be out of the room by 9:00pm.

Foster asked that we all observe a moment of silence in honor of member Truman Fisher, who recently passed away. We will miss his sense of humor and the many contributions he made to NORG over the years.

Thanks were given to Charlie Jandik for tonight's coffee and cookies. Charlie even baked the cookies himself!! They were delicious.

John Coleman moved and Ken Canankamp seconded that we accept the minutes for the May meeting as published in the Headliner. The minutes were approved. Thanks to Jeep for acting as pinch hitter for the secretary, who was out of town during the May meeting.

We were reminded of the tour of Amish country that will take place tomorrow (June 16). Details regarding time and place to meet are in the Headliner.

Foster announced that the Nifty Fifties club is holding a car show at Ursuline College in Pepper Pike on June 24. This is an annual event and is a good show. It also was noted that Jay and Jean Rounds sent a note to inform us of a car show on July 1 in Rocky River.

Treasurer Ann Davis provided a report on our financial status. We still have some money.

Sunshine Chairperson Ruthie Canankamp will send a memorial gift in honor of Truman Fisher as soon as she gets the necessary details.

SEMA representative Pat Rooney lost his voice and was therefore happy that there was not much new in the SEMA newsletter to report because if there had been he couldn't have reported it anyway! Although, come to think of it, sign language might have been an option.

Club historian Bill Royer reported that the club did not make any history this month. 1939 Dash Project Chairperson

Ann Davis reported not much progress on the dash this month.

Club Webmaster Don Clink noted that the Headliner is available on the club's website. He also noted that pictures of members' cars now rotate on the club's home page, so you can see different cars every time you sign on. He provided some statistics on the number of visits the website has had since it was started in October of 2006. So far, more than 192,000 "hits" have been recorded! Don also noted that pictures from the meet in Virginia will soon be available on the Virginia club's website.

Bill Royer reminded us that the tour of Amish country will end near Massillon and Massillon is having a large cruise-in and car show. It would be worth stopping to see the cars.

Bill Royer moved that we adjourn. Seconded by Pat Rooney. We did.

*Neal Garland, Secretary*

Last month I wrote a article taken from a presentation that Ken Canankamp did at the May Meeting. I listed his suggestion for what spare parts to take when driving to a meet.

This month I'll tell you what Barbie Soltis gave Jeep to take on a trip to California

- Tupperware container of homemade Chocolate Chip cookies
- Hard Candies
- Pringles
- Wet wipes
- Peanuts
- AND A Potty Pan
- 

A big thank you to everyone who attended the first annual River Days Memory Lane antique car show in Rocky River on July 1<sup>st</sup>. Jay and I very much appreciate the support which was received from so many members of our clubs. Many of you drove quite a distance to attend the event. We were fortunate to have great weather and even more fortunate to have such great friends!

Take care.  
*Jay and Jean Rounds*

An elderly gentleman...had serious hearing problems for a number of years. He went to the doctor and the doctor was able to have him fitted for a set of hearing aids that allowed the gentleman to hear 100%

The elderly gentleman went back in a month to the doctor and the doctor said, Your hearing is perfect. Your family must be really pleased that you can hear again."

The gentleman replied, "Oh, I haven't told my family yet. I just sit around and listen to the conversations. I've changed my will three times!

### GOOD-BYE TRUMAN

I sure will miss Truman. I could always count on him for help with technical articles & little jokes. Most of all his teasing and humor.

He always had a sparkle in his eye and a smile for everyone.

Most of all he was proud to have been able to serve his country.

He had given me a list of 'Dad said's' I will continue putting them in the Headliner until they are all used up.

### MY CROSS COUNTRY TRIP

Jeep Iacobucci

All I can say is I had a trip of a lifetime.

Georgene and I traveled to Fairfax VA with the Bates, Canankamp's, And Buchtel Clan . We stayed in Winchester the first night. We ambled on to Fairfax the next morning after a day of sight seeing. The Fairfax group did a great job with the meet.. It was good to see a lot of old friends and their ever so nice V-8's

We said our farewells and headed home for what I consider a pit stop. Just long enough to service the Mercury and grab some clean under ware. We cleared out Georgene's luggage to make room for my "travel west" partner, Michael Iafelice (a life long friend). We got about four good hours sleep and headed to the West to the Western National meet in Temecula California.

The trip was awesome and basically trouble free. Fuel pump diaphragm let go and the radiator cap went south. The experience, sights and folks along the way were indescribable. I think I wore my camera out.

The Western National was an event in it's self. Those guys out did themselves. I will try to put together a program for a meeting night and share a great trip with you.

The ole' Rouge car went a total of 6931 miles on 1 1/2 quarts of oil about 2 gallons of water with an average of 17 mpg.

I would like to Thank Barb Soltes for the care package. It really kept us going. Also my thanks to Bill Cassidy for the spare diaphragm.

Jeep & Miss Rouge

### DAD SAID'S BY TRUMAN FISHER

#### "PUMP THE PEDAL BEFORE STARTING IN COLD WEATHER"

This was true when cars had carburetors & chokes. A couple of extra squirts of gas meant a richer starting mixture. It also set the choke. Fuel-injected engines automatically adjust mixture for temperature- pumping the pedal does nothing. So fight that impulse & just turn the key.

**Headliner deadline** is the first day of the month.

Please E-mail articles, tech tips, outing write-ups, club news to:  
Georgene Iacobucci

Remember to visit OUR website

Http://norgv8club.org

To contact our Web Master Don Klink

Webmaster@norgv8club.org or donclink@att.net

If you wish to have a picture of your car or cars on the site email a scan to him anytime

OR bring a picture to a meeting

The photo galleries on our NORG web suite are starting to grow and Don Klink would like to include all of the latest photos we have taken of our most recent events.

He has an 'Universal Photo Card Reader' for his laptop that will allow him to copy photos from your camera card or camera. If you have photos but are unsure about how to remove the card bring your camera along with the cable and he will download them that way.

We have the best club web suite and a great webmaster that keeps it up to date. The least we can do is help get stuff to him..... *georgene*

### COOKIE BAKERS 2007

- July - Barb Soltis
- August - Debbie Stall
- September - Regina Jandrey
- October - Loretta Duda
- November - Lois Stallard

Yum Yum Yum Yum

The club wishes to express our sympathy to Lois Marx & her family on the loss of her grandson. We will always remember what a pleasant young man he had been.

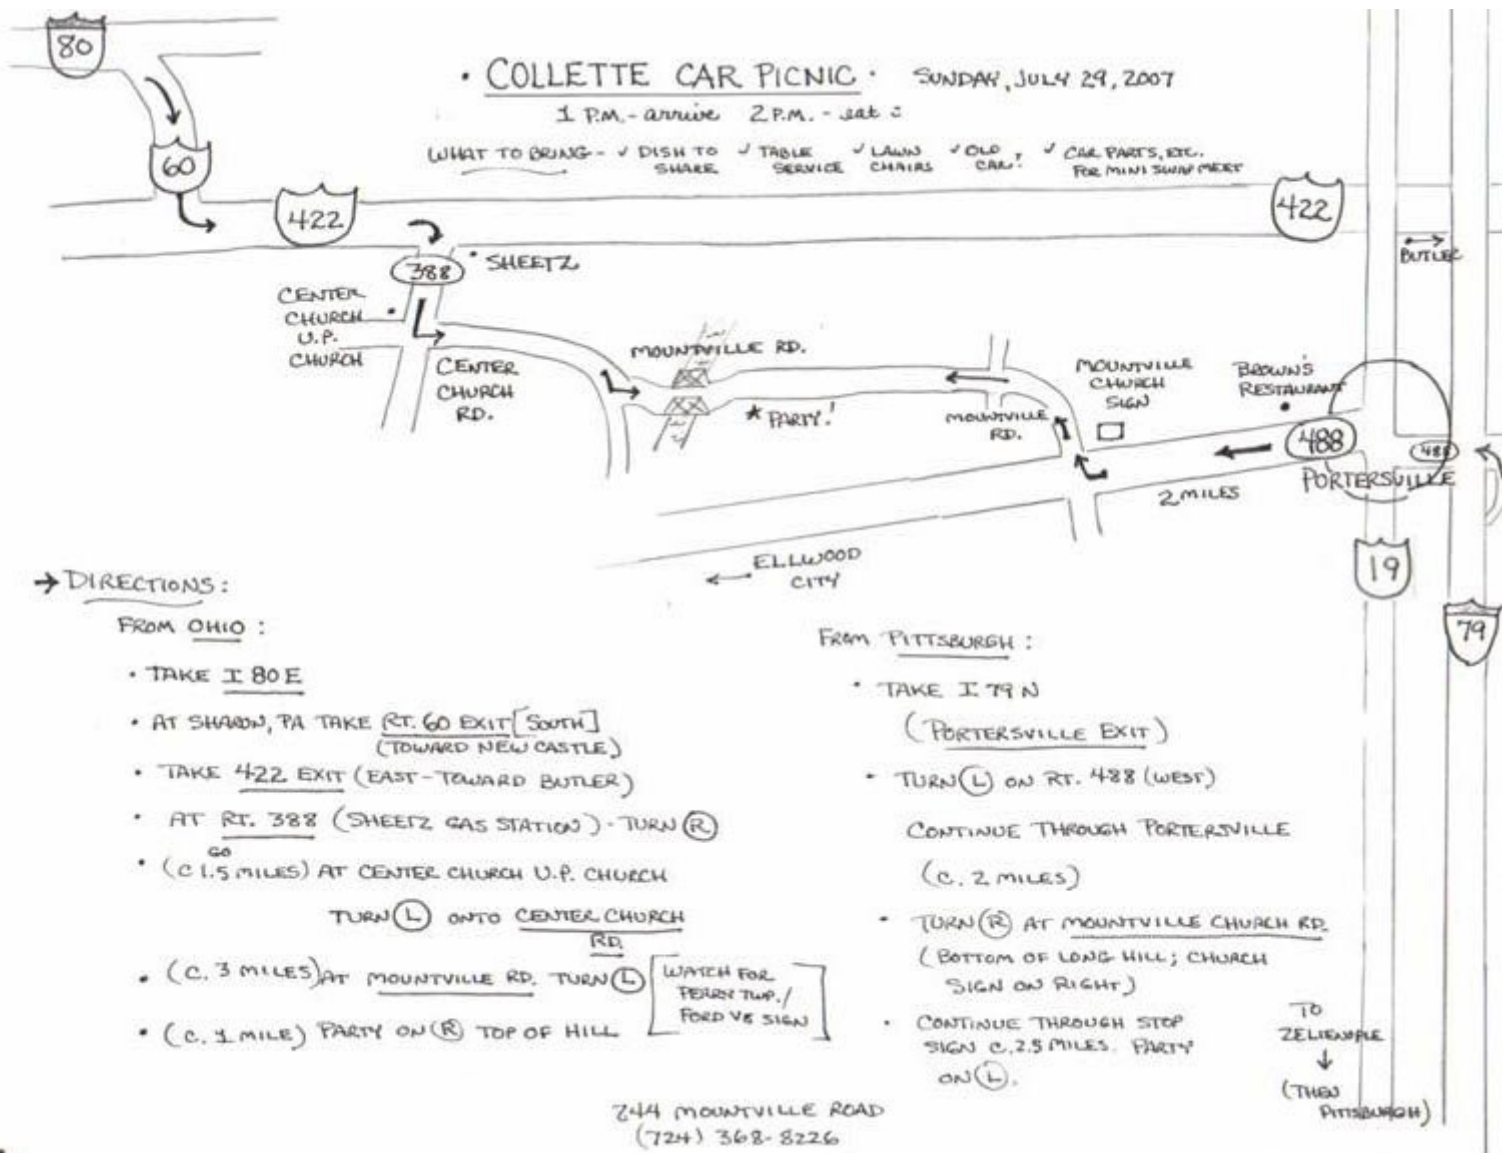

# Collettes' Car Picnic

Sunday, July 29, 2007

# Amish Tour 2007

## Thanks Dave Duda for Article, Pictures and Planning a Great Time

On June 16th, NORG and friends toured "A Slice of Amish Country". We had great weather, good friends, and an old Ford to drive thru the countryside.

Neal Garland & Bill Royer in Bill's 1941 Ford Coupe, Ken & Ruth Canankamp in their 1949 Ford Business Coupe, John and daughter Sandra in John's 1938 Roadster, Alex and Debra Stall with Barb Soltis in the Stall's 1948 Mercury Sedan, Jim & MaryJo Bates in their new 1951 Ford Sedan, Bob & Edie McFadden in their T-Bird Turbo Coupe, and Dave & Loretta Duda in their 1950 Mercury sedan all enjoyed the drive thru Amish Country.

We ate breakfast at The Station Restaurant in Brewster, bought cheese at Brewster Cheese and potato chips at the potato chip factory. We headed for Winesburg for some antique hunting. John found a deal on a cowboy hat, Loretta found a chair with a bird nest for a seat?????, Barb found a big glass ball for her garden, etc. etc. etc. Down the road to Wendell August Forge and on to Troyers Trail Baloney for more food to take home. From there we headed thru Amish country to Lehman's Hardware in Kidron. Debra found cookie cutters, Alex found a porcelain Mercury Sales and Service sign for himself and Dave, Neal bought and axe handle, etc. etc. etc. For lunch/supper, we headed back south to Walnut Creek for Amish Cooking.

From Walnut Creek, we broke up into small groups and headed for home.

Loretta I don't think Dave is down there I think he's taking the picture

Line up with Bessie?

Line up with cars

Going in for food

Coming out with food?

Oops! This one was missed in the above lineup

### Keep this date open for the Dayton Tour with the Nifty Fifties September 7th, 8th, 9th, 2007

#### Plan of Schedule:

**9/7/07 Friday**, meet and leave about 9:00 AM. Location will be determined at a later date. Upon arrival and after freshening up, Bob & Mary Kay Burgess have set up a tour of the Packard Museum from 3:00-6:00 PM. A buffet will be set up with pizza, 1/2 sub for each, appetizers (wings, bread sticks, mushrooms, cheese sticks, celery & blue cheese, marinara sauce), salad with grilled chicken breast and dressing and beverage (1 can per guest), with the cost being approximately \$15.00 per person. Afterwards, we will do the Graeders' Ice Cream Tour.

**9/8/07 Saturday**, Bob is still negotiating a visit to a very high-quality extensive private auto collection in Dayton, and/or a tour of the Ester Price Candy collection (big collection of Pierce-Arrows & others). More details will follow.

**9/8/07 Saturday**, Mary Kay has planned a tour for the ladies to "The Greene"—a new shopping center with unique retail stores, shops & restaurants or, a trip to nearby Waynesville, which is a town with about 2 miles of Antique Shops for the ladies that would prefer to shop instead of looking at cars. I find that hard to believe.

**9/8/07 Saturday evening** after the tours, Bob & Mary Kay will host a dinner at their place, where we can relax outdoors, eat, tell tall car tales, wander through their woods (10 1/2 acres), and view Bob's fine collection of cars. The cost is approximately \$20.00-\$25.00 per person. A final cost will be known by the next newsletter.

**9/9/07 Sunday**, on your own.

Everything will be finalized and published in the next newsletter. When we went to Dayton two years ago, it was one of the more memorable cruises I have attended and I am really looking forward to this one also. Bob has quit the collection for us to view.

P.S Bob did make reservations for a tour of the Memphis Belle, which is only at 12:00 noon on Friday, in case anyone is interested in arriving early. But, he needs to know so he can add your name to the list, as there is only a limited number allowed on the tour.

**Mike Wisniewski** More Details Next Month

# TIME TO COOK

You'd never think looking at the dark blue skin of the avocado that a delicious green fruit is hiding underneath. But many people love its great taste, and avocados are becoming more and more popular as more people discover them.

## Choosing Avocados

Avocados are available in the produce section of most grocery stores. When choosing avocados, pick unripe avocados unless you plan on using them right away. To test ripeness, hold the fruit in the palm of your hand and squeeze. A ripe avocado will give a little but will be mostly firm.

You can store unripe avocados in the fruit bin of your refrigerator to slow down the ripening process. To let avocados ripen, put them in a brown paper bag and leave them out on the counter.

## Avocado Preparation

To prepare an avocado to use in a sandwich, salad or to eat on its own, start by cutting it in half lengthwise around the pit. Twist the two halves, then remove and discard the pit. Squeeze lime juice onto each half to keep the fruit from discoloring. You can sprinkle with salt, if you'd like. Remove the fruit from the skin with a spoon

## Simple Guacamole

Probably the most popular way to use avocado is in guacamole a great chip dip and always a hit at parties.

### INGREDIENTS

- 2 avocados - peeled, pitted and diced
- 1 teaspoon salt
- 1 large tomato, diced
- 1 onion, diced
- 1 jalapeno pepper, chopped
- 2 tablespoons fresh lime juice
- 1 clove crushed garlic

### INSTRUCTIONS

In a medium bowl, use a fork to mash the avocados and stir in salt. Mix in the tomato, onion, jalapeno, crushed garlic and lime juice.

### **Peroxide**

"I would like to tell you of the benefits of that plain little old bottle of 3% peroxide you can get for under \$1.00 at any drug store. My husband has been in the medical field for over 36 years, and most doctors don't tell you about peroxide, or they would lose thousands of dollars."

Take one capful (the little white cap that comes with the bottle) and hold in your mouth for 10 minutes daily, then spit it out. (I do it when I bathe) No more canker sores and your teeth will be whiter without expensive pastes. Use it instead of mouthwash (Small print says mouth wash and gargle right on the bottle)

2. Let your toothbrushes soak in a cup of "Peroxide" to keep them free of germs.
3. Clean your counters, table tops with peroxide to kill germs and leave a fresh smell. Simply put a little on your dishrag when you wipe, or spray it on the counters.
4. After rinsing off your wooden cutting board, pour peroxide on it to kill salmonella and other bacteria.
5. For fungus spray a 50/50 mixture of peroxide and water on them (especially the toes) every night and let dry.
6. Soak any infections or cuts in 3% peroxide for five to ten minutes several times a day. My husband has seen gangrene that would not heal with any medicine, but was healed by soaking in peroxide.
7. Fill a spray bottle with a 50/50 mixture of peroxide and water and keep it in every bathroom to disinfect without harming your septic system like bleach or most other disinfectants will.
8. Tilt your head back and spray into nostrils with your 50/50 mixture whenever you have a cold, or plugged sinuses. It will bubble and help to kill the bacteria. Hold for a few minutes then blow your nose into a tissue.
9. If you have a terrible toothache and cannot get to a dentist right away, put a capful of 3% peroxide into your mouth and hold it for ten minutes several times a day. The pain will lessen greatly.
10. And of course, if you like a natural look to your hair, spray the 50/50 solution on your wet hair after a shower and comb it through. You will not have the peroxide burnt blonde hair like the hair dye packages, but more natural highlights if your hair is a light brown, reddish, or dirty blonde. It also lightens gradually so it's not a drastic change.
11. Put half a bottle of peroxide in your bath to help rid boils, fungus, or other skin infections.
12. You can also add a cup of peroxide instead of bleach to a load of whites in your laundry to whiten them. If there is blood on clothing, pour directly on the soiled spot. Let it sit for a minute, then rub it and rinse with cold water. Repeat if necessary.
13. I use peroxide to clean my mirrors with, and there is no smearing which is why I love it so much for this

I could go on and on. It is a little brown bottle no home should be without! With prices of most necessities rising, I'm glad there's a way to save tons of money in such a simple, healthy manner.
