## PRESIDENTS MESSAGE

Is it June already!?! The May 11 and 12 Third Annual Presque Isle Tour, led ably – as usual – by Jeep and Georgene Iacobucci and shared with our Nifty Fifty's Ford Club colleagues was enjoyed by all. Rumors of redundant rewards from the brief casino visit may be suspect, but reports of fun by all are undoubtedly true. And speaking of sharing fun, the May 20 joint Nifty Fifty's/NORG breakfast at Ron and Karen Mihalek's County Line Road getaway was enjoyed by many except, sadly, this writer who had a long-standing commitment. Hummm – maybe that is why breakfast was enjoyed by many. Our May 18 meeting was well attended to hear our speaker, Ken Canankamp, share good advice on preparing for the trip to the Eastern National Meet in our flatheads, and understanding the judging process.

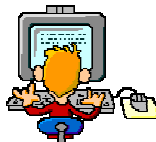

June also promises to be a great month for flat heading. In addition to the Eastern National Meet that carries us into the month, Dave and Loretta Duda have put together an Ohio tour for Saturday, June 16 that starts with breakfast in a historic railroad building and winds up in scenic Amish Country with good food. Dave is responsible for the itinerary and Loretta is responsible for the weather. Be sure to sign up for this tour and bring the young folks who will also find much to enjoy. Check the following pages for more details, and, while you are checking, note the other activities coming up, including those with the Nifty Fifty's Car Club of Northern Ohio, and put them on your calendars.

There will be a change in venue for our June 14 meeting. We will be meeting in the Stow City Hall building rather than the Stow Safety Center. For the directionally challenged among us, instead of turning left off the driveway to get to the Safety Building, just go straight ahead... be sure to stop before you run into the Stow City Building. The minor inconvenience will be worth the effort: our June speaker will be Mark Istanich, Medina Auto Parts, introduced by Jeep and speaking on "Compounds for Cars: Take a Whirl at Ridding those Whirls."

I'm looking forward to seeing you at the Eastern National Meet, The June 15 meeting, the June 16 Ohio Tour, and the other activities reported in this issue of the Headliner. In the meantime, keep those flatheads purring and pretty, and bring a friend with you to these activities.

Foster S. Buchtel, President

A 2006 study found that the average American walks about 900 miles a year.

Another study found that Americans drink an average of 22 gallons of beer a year.

That means, on average, Americans get about 41 miles per gallon."

Look really close. What do you see?

# MINUTES FOR THE MEETING OF MAY 18, 2007

The Meeting was called to order by president Foster Buchtel at 7:30 p.m. Minutes from the April 2007 Meeting were approved as reported in the May Headliner. Foster announced that the June meeting would be held in the Stow City Building rather than the Stow Safety Building. Same time, different building. Alex and Debbie Stall were thanked for organizing the Hartville outing and dinner, and Jeep and Georgene Iacobucci were also recognized and thanked for conducting the Third Annual Presque Isle, PA tour that, this year, included fun at the new casino. Dave Duda described the Ohio Tour scheduled for June 16, starting with an 8 a.m. breakfast at the WANDLE House in Brewster (Rt. 93, on the west side immediately south of the railroad overpass, parking in the rear). Jeep Iacobucci reminded the members of the Nifty Fifties Annual Car Show at Ursuline College in Pepper Pike, OH, on June 24. Foster reminded the members to start thinking of what flathead-related items, as well as items that would interest the ladies, they can donate for the auction to be conducted by Bill Holland at the September meeting; he also announced that Bill Cassidy will be giving a presentation on Ford memorabilia at the November meeting.

Treasurer Ann Davis reported that the NORG checking account is still positive and the C.D. is still collecting interest. Georgene Iacobucci, Headliner Editor, reported that e-mailing the Headliner to members with e-mail addresses facilitated its distribution and allowed the recipients to have the benefit of color photographs. Membership Chair Dick Deyling and Sunshine Chair Ruth Canankamp had nothing to report. In response to a question, Webmaster Don Clink explained how to download the newsletter from the Internet. Pat Rooney reported that there were no SEMA issues of concern, and Historian Bill Royer reported that no history was made in the past month. The 1939 Dash Restoration Committee Chair, Ann Davis, is temporarily stalled on the project as she tries to locate the gauges. National President Craig Gorris reported on the National Board meeting scheduled for February 2008 in Ft. Myers, Florida at the Edison/Ford Estates, reminding the members that the Board meeting is open to all members. He also gave Foster a copy of the new, updated, EFV8CA "Regional Group Handbook." Craig reported that 250 cars are registered for the Eastern National Meet, 130 for the Central National Meet, and 300 for the Western National Meet. He also brought the group up to date on improvements underway for the National Web site and encouraged members to sign on.

The members were reminded of the 75<sup>th</sup> celebration of the '32 Ford & the Ford Flathead, a four-day even at Dearborn, Michigan, August 9 through 12, 2007.

Under New Business, Ron Mihalek invited the members to a Nifty Fifty's breakfast at the Mihalek's farm on County Line Rd., Sunday, May 20.

After the members thanked Ruth Canankamp for providing the cookies and coffee for the evening, the meeting was officially adjourned at 8:32 p.m., and the evening's speaker, Ken Canankamp gave a presentation on "The Eastern National Meet: Getting Ready, Getting There, and Getting Judged." In addition to good advice on what to carry when driving your flathead to a meet (with other suggestions from the audience), Ken distributed copies of the judging sheets and provided a thorough and helpful review of the judging process.

### GETTING READY, GETTING THERE & GETTING JUDGED

*Ken gave an interesting presentation at the last club meeting. I thought everyone that couldn't make the meeting might be interested in his suggestion for what spare parts to take when driving to a meet. He feels it is a must to take these things.*

#### For those of you with computers

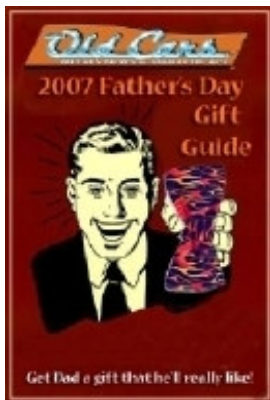

In case you haven't been to the pump lately, the price of gas is on the rise.

It seems like prices always jump right before summer. Of course, that's when most of us want to take a vacation.

AAA has a fuel cost calculator that will help. Sure, you could estimate the cost of driving. But AAA will give you precise results based on the make and model of your car. You can also see the daily average gas price in different regions of the country.

## MEN STRIKE BACK!

(Happy Father's Day!)

**Why is a Laundromat a really bad place to pick up a woman?**

Because a woman who can't even afford a washing machine will probably never be able to support you.

**Why do women have smaller feet than men?**

It's one of those "evolutionary things" that allows them to stand closer to the kitchen sink.

**If your dog is barking at the back door and your wife is yelling at the front door, who do you let in first?**

The dog, of course. He'll shut up once you let him in.

**Scientists have discovered a food that diminishes a woman's sex drive by 90%.**

It's called a Wedding Cake

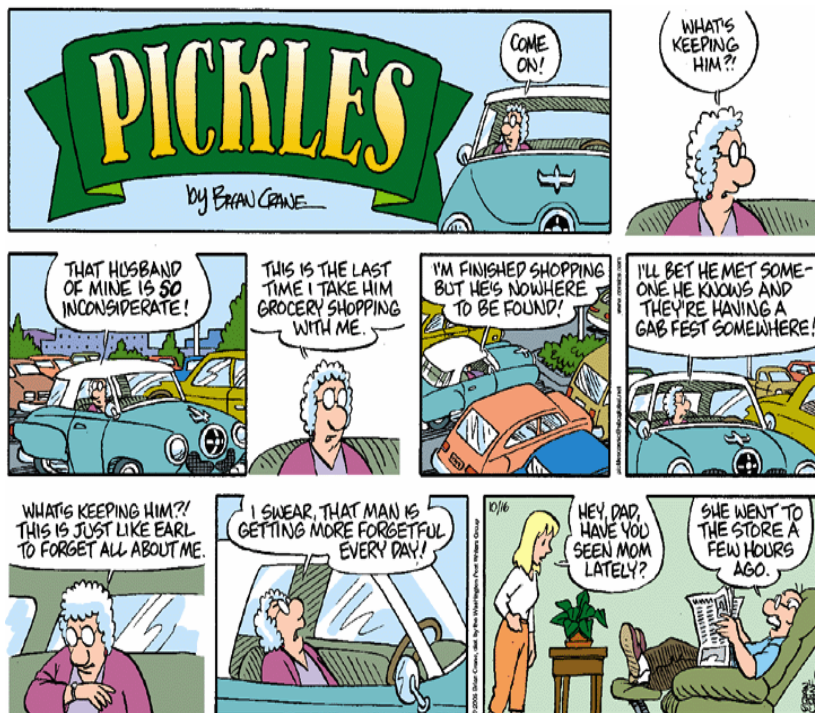

**Women will never be equal to men** until they can walk down the street with a bald head and a beer gut, and still think they are sexy.

In the beginning, God created the earth and rested.

Then God created Man and rested.

Then God created Woman.

**Since then, neither God nor Man has rested.**

DAD SAID'S BY TRUMAN FISHER  
*"KEEP CINDER BLOCKS IN THE TRUNK FOR TRACTION"*

If you have a pickup or rear drive car some, weight over the drivewheels can help in the slop. BUT a front-drive car already has the weight over the drivewheels: Junk in the trunk will unload them, hurting traction. Extra weight hurts handling and mileage, so don't overdo it.

## COFFEE CAN DRAWING

Another country not heard from for awhile.... Sorry RON WERTZ..... Your name was pulled. No money for you last month.

Sorry Ginny Roth. I know your Roth not Ross..... But my fingers messed up.... "good excuse?)

Headliner deadline is the first day of the month.

## SOME OF THIS AND SOME OF THAT!

Don, our webmaster changed the NORG Web Site Welcome Page to show a different photo of club member's car every time the page is opened or re-freshed. If you click on the photo, a larger version opens in a shadow box. Click it again to close. He still need more photos of member's cars to add to it

Jeep and our Friend Michael arrived in California Sunday a day earlier than they planned. They said it was quite a trip through the desert. They did need to give the old girl some drinks.

Nancy & Dave Collette are going to Florida at the end of the month to see Patrick, their son, receive his rank of Air Force Major. Our congratulations to him.

# WE'VE BEEN TO FAIRFAX AND HAD A GREAT TIME

Our president

Do you know who that last guy is in line during F.D.R.'s time? I'm glad it wasn't for real...

Thanks for smiling Dave. And I want everyone to know that Nancy really knew that I was taking this picture & wouldn't look at me

Wanted to share that Jeep found his godson's name on the Vietnam Wall. It was very touching to him.

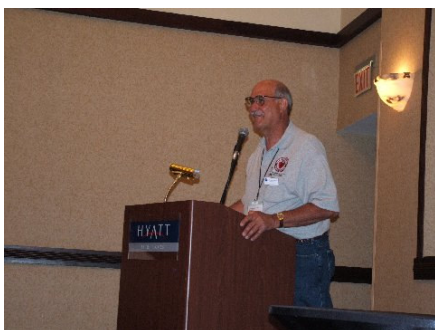

This is the group that Jeep and I traveled with. Mary Jo and Jim Bates, Jeep and me, Kenny and Ruth Canankamp, Foster, his Twin and nephew.... We had a great ride down.

Banquet

These were taken at the Air and Space Museum. We couldn't help it; we had to find a Ford connection.

## JUNE DATES

Flag day - - First day of Summer--  
AND FATHER'S DAY

## SIMPLE HOME REMEDIES

1. A mouse trap, placed on top of your alarm clock, will prevent you from rolling over and going back to sleep after you hit the snooze button.
  2. If you have a bad cough, take a large dose of laxatives, then you will be afraid to cough.
  3. Clumsy? Avoid cutting yourself while slicing vegetables by getting someone else to hold them while you chop away.
  4. Avoid arguments with the Mrs. about lifting the toilet seat by simply using the sink.
  5. for high blood pressure sufferers: simply cut yourself and bleed for a few minutes, thus reducing the pressure in your veins. Remember to use a timer.
  6. Have a bad toothache? Smash your thumb with a hammer and you will forget about the toothache.
- Remember:
- \* Everyone seems normal until you get to know them.
  - \* Never pass up an opportunity to go to the bathroom.
  - \* If you woke up breathing, congratulations! You get another chance.
- And finally, be really nice to your family and friends; you never know when you might need them to empty your bedpan.

*If you look in the mirror  
and see a beer belly,  
bald head, big red nose,  
varicose veins, and a  
complexion like leather,  
..Look on the  
bright side...  
at least your eyesight  
is OK!!*

Happy Fathers Day and Grandfathers Day
