Newsletter of the Northern Ohio Regional Group #20 Early Ford V-8 Club of America

Volume 24 Number 10

October 2017

Mission Statement: "To preserve and authentically maintain vehicles manufactured by the Ford Motor Company for the model years 1932 through 1953 inclusive, and to serve as an accurate and technical source of information concerning these automobiles for the benefit of its members as well as the general public."

Sitting here in my garage and thinking about all the good things I have enjoyed by belonging to this Great Regional Group of Northern Ohio.

It's a great feeling like belonging to a big close family. It is a wonderful feeling asking a member to task and without blinking an eye the job is done.

Coming from a Board Meeting and discussing past, present and future activities I'm pretty sure that there will always be something for each of us to enjoy. We have our monthly outings, thanks to the "Galloping Gourmet" Neal. Our "Tour Nazi" Jack has led us on a few excursions. He is really busy getting all the things ready for our joint tour next August with the Northern Illinois Group. Regis and Beth have a great Autumn Tour all planned out for Oct 21-22. They planned a lot of fun stuff to keep us moving. Bruce, Frank and Craig have been putting things together for our "First Annual Swap Meet". Craig has recruited new members this month. Rich has always provided us with a monthly presentation. Thanks to our cookie bakers, I haven't had a bad cookie yet.

Elections for officers and board members will be coming up next month. Consider taking a position. Believe me you will get more than you give.

About our Website. A friend from another Ford Club said he searched our Website and can't believe all the information. Thanks to Regis.

Hope to see you all at the Oct. Meeting and on the Fall Tour.

Enjoy ur V8 B4 it's 2 L8

MINUTES OF SEPTEMBER 15, 2017 N.O.R.G. MEETING

The meeting was called to order @ 7:45 PM by President, Jeep Iacobucci. Members introduced themselves and their cars. Jeep thanked Rose and Dick Deyling for the refreshments this evening.

Our Program Director, Rich Jandrey introduced Sean O'Neill and his wife Deana of Spotlight Customs in Akron. When Sean was small he was introduced to cars. After school he took classes in collision and car refinishing. Then later he started in auto upholstery working for Portage Trim for four years. He also worked at Goodyear then married Deana and had antique cars in their wedding. Deana has been a big help in assisting him in the business. He met Dan Francis when working on his truck seat. He became friends with many people owning antique cars. After Sean's presentation, he answered questions from the membership. He also had a \$300 drawing of which Jeep won.

Ginnie gave the Secretary's report. Jack Bukszar made a motion to accept the minutes as read and seconded by Steve Kronen.

There was no Treasurer's report.

Craig Gorris, our Membership chairman has no new members. Our Newsletter Editor, Annette was absent, but relays a message to send pictures and articles. Also, Ladies she needs articles for the Daisy Page.

There was no V-8 Times report.

Sunshine Georgene sent out birthday cards but her computer died so stay healthy until she can send out more cards. Steve Kronen reported that his Mom is recovering.

Regis said the web-site is up and running.

Neal Garland spoke about the luncheon at D'agnese's Trattoria and Café. On 9/21/17 a luncheon will be at O'Charley's Restaurant and Bar. Please arrive at 11 AM.

Jack Bukszar gave the club an update on his tour. Double Tree Hotel in West Lake is available at \$99-\$109 a night. This includes a buffet breakfast in the morning. The time frame for this tour is around first week of August. Details will be in headliner.

At the Veterans Memorial car show Regis and Beth won second place. Congratulations to you both. The Fall Tour to Carrollton will be in October, possibly 10/21 and 10/22. Regis has reviewed several sites of interest. This trip can be an overnighiter. Details in headliner.

Earl Peters gave the club details on the John Mason collection which will be the same days as 10/21 and 10/22.

Jack Bukszar found a V-8 casting at a swap meet. This will be raffled off at the Christmas party. Tickets will be sold at different times prior to the Christmas party.

Neal read a letter to the membership from London. The letter was to Foster from the new owners of his 1951 Ford Custom that Harwood Motors sold for him.

The meeting was adjourned at 8:35 PM.

Respectfully Submitted,
Virginia Herrmann
V-8 Secretary

In Memory of Rose Thomas

Rose M Thomas, 86, of South Carolina and formerly of Glasgow KY, died Thursday, April 13, 2017, in South Carolina. She was born in Chardon, Ohio, the daughter of the late Julian and Marjorie Mills Pot. Mrs. Thomas was a member of Glasgow Baptist Church.

Survivors include her husband, Jewell Thomas; 1 sister, Lillian; 3 daughters: Julie Mastrangelo (Patrick, deceased), Brenda Peoples (Gary), Lucinda Thomas (Griffith); 1 son R Bruce Thomas (Karen); 13 Grandchildren and 11 Great-grandchildren.

Rose and Jewell owned and operated Thomas & Son Greenhouses & Nursery in Chesterland, Ohio for many years. They retired to Glasgow KY. As they grew older, their children moved them into assisted living in Greenville S.C.

Rose loved flowers--especially yellow roses. She often gifted customers with extra plants. She loved to give gifts to others--baked goods, carefully-selected books, but especially a welcoming smile. She truly embodied the gift of hospitality. She had a wonderful sense of humor.

Rose and Jewell enjoyed touring in their classic automobiles, and also taking trips in their motor home. Rose will be most remembered for freely offering love and friendship to all. Her children adore her.

***Editors Note:** After Newsletters that had been mailed to Jewell Thomas had been returned, Craig called the assisted living facility where Rose & Jewell had been living and was told that Rose had died, Jewell had moved without a forwarding address. We are attempting to find Jewell*

October Meeting	Diane Francis
November Meeting	Annette Gorris

I hope you people don't mind, but I figured I would just as soon give you first shot at this car before I advertise it. Purchased a package deal and a 36 four-door with 56,000 original miles was included, original paint car that has been stored

by the previous owner for 18 years. Someone put hydraulic brakes on it in somewhat of an amateur fashion, they installed one swing pedal with the master cylinder mounted to the firewall, I don't believe the brakes are

100% complete and they will need gone through. It still retains the wide five wheels and 4 mis-matched hubcaps.

The body, fenders and floors are 99% rust free as is the chassis, it's a good solid car. I put a battery in it along with some marvel mystery oil in the cylinders, I turned it over with the hand crank and it turned smoothly. I then cranked it with a battery but it is not getting any spark. I pulled the generator off so I could get to the distributor, pulled the distributor apart and checked the points but some of the internals on the spool are worn badly. I have another distributor that I'm going to try to put in soon and get it running.

As you can tell from the photos the interior is pretty nice, if someone wanted an all original family car just to bang around town in this would be the one.

I am asking \$6000 for the car along with all of the top insert parts needed to replace it,

as the original one leaks. Unfortunately the car doesn't have a title, I will provide a bill of sale.

Thanks for looking, if you need any additional info or would like to look at the car please email me or call at **330.401.4613**. Thank you!

Summary of the Board of Directors meeting conference call

Hello all,

August 19th, The board of Directors held there 3rd quarterly board meeting via conference call.

David Rehor (treasurer) began the Conference Call reporting on the club's financial report. The club is financially in good standing.

A confirmation of a email vote was made to move the annual Board of Directors Face-to-Face meeting to Dearborn MI in February.

Another Confirmation vote was made to approve the Hawk Mountain RG group to host a driving tour in the Amish country of PA May 21-25 2018.

A proposal was brought forth to produce and sell V-8 Times binders as the Club did years ago. This proposal did not follow through due to low sales in the past and the cost of the merchandise.

Joyce Parsons reported on membership status. At the time of our meeting, the Club has 8.356 members. We have continued on a steady 0.25% decrease in membership each quarter.

Gene Napoliello reported on the 1949-51 Mercury Book. Progress continues, however slow. We have nothing to report on the 1940 Book.

The 2018 Grand National was discussed. Planning is still underway. The meet will be held at The Edward Hotel in Dearborn. We have some exciting events that will be soon advertised. We encourage you to go ahead and register for the Meet.

Steve Kroeger Reported on the Foundation. They are progressively working toward their expansion. Currently they are Raffling a 1939 Mercury with will greatly help in the expansion process. Lastly, the 2019 Central National Meet is scheduled to be held in Auburn IN at the Foundation. This is great news for both the Club, and the Foundation.

Rueben Doggart presented ideas for awards on the Newsletter competition. Paper Certificates will be awarded. The Club has initiated a Purchase Order agreement in which any purchase will have to go through the treasurer and/or the Audit Committee chairman. The Club in the last three years has taken a much better active stance in performing in a more businesslike manner.

The Board voted to have a Wartime license plated topper for the 75th anniversary program for the anniversary war years starting in 2018

Michael Driskell, and John McBurney report on the Technical Advisors. All Advisors will soon be required to list a email address and phone number.

Jon Caldwell, proposed a procedure and process to allow a Board member to grant a RG group the allowance to use the Club logo. The policy currently requires a vote amongst the board for such use. The proposal will continue and will be voted on in our next meeting.

Steve Kroeger presented the idea of having Joint Meets with the Lincoln Zephyr Club . The board was open to the idea and discussion will follow up in the upcoming months.

Overall, we had a rather short meeting this go around. Our Next meeting is in November. I hope you guys enjoy your fall season!

Regards,

Michael Driskell Central Director 615-293-9985

My Interest in Quilting

By Dianne Moore

Quilts were a part of my life long before I even realized it. My paternal grandmother was a quilter. Every Fall we would go to her house to take down her dining room table and set up a large quilt frame right in the center of the room. It was then that I learned why we were making that move. My grandma would “embroider” quilt squares all Spring and Summer. Then, when it got cooler outside, she would sew them together and begin the quilting. All winter long you would find her in the dining room quilting away through the cold winter days. By Spring, she would have a beautiful finished quilt! I still have mine! It is an embroidered quilt of pink on white that I will love forever.

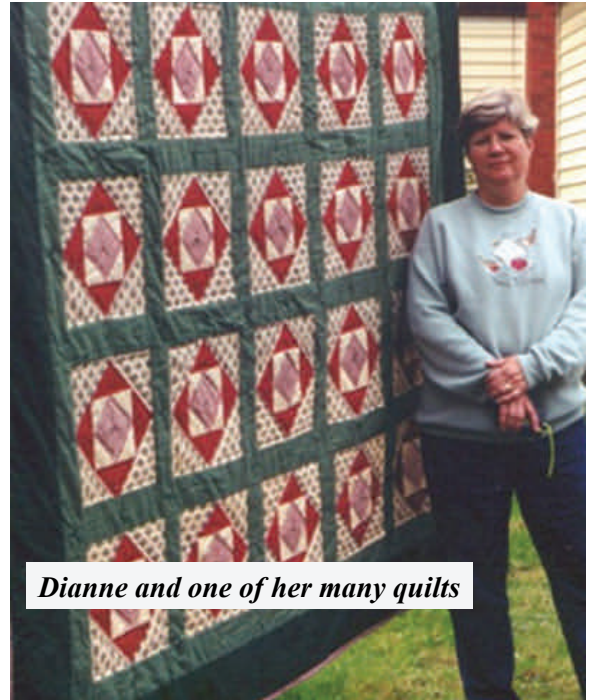

About 23 years ago, my mom gave me a box of quilt “squares and pieces” to find a home for. There were some beautiful squares and Dresden pieces in the box. I thought maybe I would try to find a guild that could tell me what to do with them to preserve them...like a pillow or something small. Well, I found a guild and that was the next chapter of the story. I stayed with that guild for a few years, learning along the way, and from that point on.....I had been bitten by the quilting bug!!! The desire to learn more and create quilts, wall hangings, table runners and other projects just continued to grow.

Today, many years later, I still love quilting!! I really don't make quilts for show. I love to make quilts with a purpose: to warm, to comfort and to love and cuddle. That purpose has led me to make quilts not only for family members but also Quilts of Valor for our military men and women who keep us safe and free.

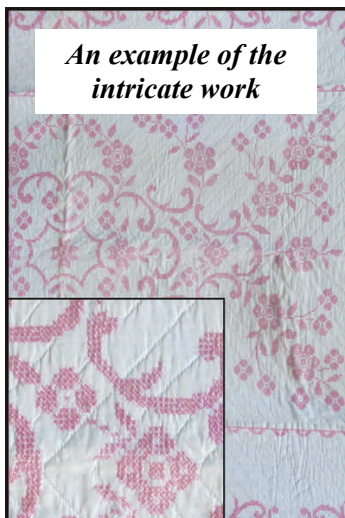

Lap quilts for our vets in wheelchairs also receive great care in making. Oncology caps, pillowcases, bags and lap quilts go to patients going through cancer treatment.

Quilts across the world have grown for many reasons: practical warmth of a quilt on the prairies of America made with scraps and feed sacks, to beautiful quilted clothing and quilts made of velvet and fine fabrics from across the oceans.

My love of quilting goes on. Simple and.....still what I love to do.

Burma Shave

For those who never saw any of the Burma Shave signs, here is a quick lesson in our history of the 1930's and '40's. In the fall of 1925, young Allen O'Dell, President of Burma Shave, conceived the idea of using consecutive signs along the roadside to sell his product. In 1963 the last signs were taken down, a casualty of the interstate highway system. This ended the most famous outdoor advertising venture ever.

Before there were interstates, when everyone drove the old 2 lane roads, Burma Shave signs would be posted all over the countryside in farmers' fields. They were small red signs with white letters. Five signs, about 100 feet apart each containing 1 line of a 4 line couplet and the obligatory 5th sign advertising Burma Shave, a popular shaving cream. I'm sure that Burma Shave actually saved some lives. People laughed and then were more careful! It was a REAL "service" to America, even though it was an advertisement and it was one of the RARE "really useful" ones!
