

“The Headliner”

Newsletter of the Northern Ohio Regional Group #20
Early Ford V-8 Club of America
Our 52nd Year

Volume 28 Number 6

June 2021

Mission Statement: “To preserve and authentically maintain vehicles manufactured by the Ford Motor Company for the model years 1932 through 1953 inclusive, and to serve as an accurate and technical source of information concerning these automobiles for the benefit of its members as well as the general public.”

Believe it or not there's light at the end of the tunnel. The Board had our first meeting in a long time. Right now our meeting room is still not available. So for now our only means of staying together are the upcoming tours and outside gatherings. Please pay very close attention to your e-mails and Newsletter for information about our activities. Jack has been working diligently making things happen. Craig and Annette will definitely keep you well informed.

There will also be some hard work and some changes involved to keep our RG together. A lot of things which will be discussed at our first meeting on July 16th at 7:00. This meeting will also include dinner. Instructions will be posted in your next newsletter.

I'm very anxious to get the wheels turning again. I believe we are starting out with some fantastic activities. It's up to you to take advantage of getting back to normal. Like Neil providing a new place every month for a lunch get together.

Get that old V8 out and run the hell out of it. That's what Hank built it for

I hope to see you all real soon

Another Henry Ford Interesting Fact The Ford Picnic Grill

On June 16, 1903, the Ford Motor Company was established. Henry Ford was the founder. This was not his first rodeo, as he had previously operated the Henry Ford Company. He left that company and took his name with him. What became of the Henry Ford Company? They became known as the Cadillac Motor Company.

What does any of this have to do with the photo of a BBQ grill? Hang on.

Ford's Model T, which would number in the millions sold, required 100 board feet of wood to build. Ford despised waste. His motto was, "Reduce, reuse, and recycle." He was also a nature-lover, an environmentalist of his time. His escape from the stress of life was camping in the great outdoors.

Frustrated by the mountains of sawdust his lumber mills created, he and his partners sought a way to utilize the scrap wood and sawdust into a useful (and profitable) product.

An idea came to him one day as he was camped with some friends in the wilds of Michigan. After his party spent a long time collecting sufficient wood for a campfire, an idea spring in Ford's mind. Upon returning back to the lumber mill, he shared the idea with some of his partners and set to work on it.

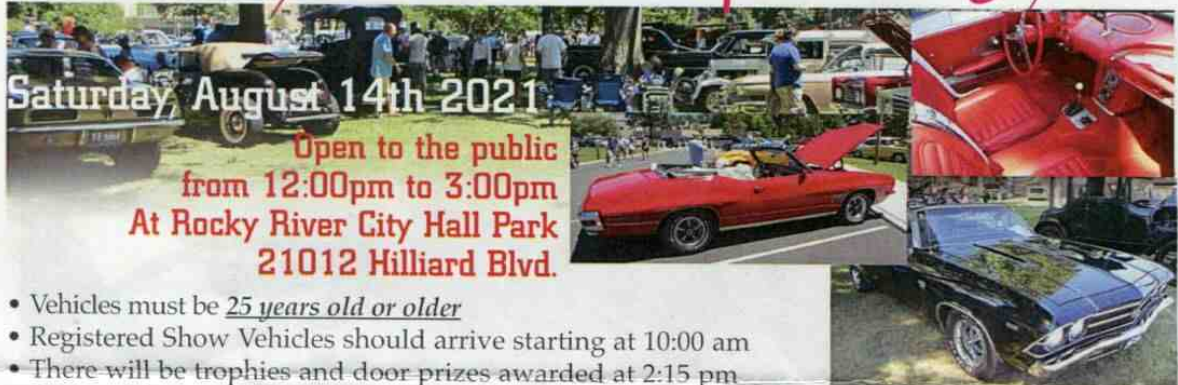

The idea? Lumping a fistful of sawdust and cornstarch with a bit of tar to form a briquette. After charring it, it performed exactly what Ford imagined it would. He then built a charcoal briquette factory adjacent to his lumber mill where the waste from one became the fuel for the other.

A new Model T was now frequently sold with a bonus bag of Ford Charcoal Briquettes, so you could drive into the woods to camp and not worry about finding campfire wood. So now you know. Ford not only created the modern automobile industry which takes millions to work and back each workday, but he also created the weekend grilling and camping industries.

In 1951, the Ford Charcoal Briquette Company was sold. The new company was named after Ford's real estate partner who helped him find the land to supply wood for building the early Ford automobiles - E.J. Kingsford. Kingsford Charcoal is the largest producer of charcoal briquettes in the world

The City of Rocky River presents the 14th Annual
Memory Lane Antique Car Show

Under Your Coat—One Dress to Match, One to Contrast, One in Print

THE season of a coat and dress is a double portion. There is one thing for contrast and if it can be worn one of contrast in well as in dress. Here we see a white dress, hat and gloves all distinctive in an all-around coat or dress. The dress is a matching dress. For the country this year and will go with a woman's dress and with a white hat and shoes. For a coat change of color you might choose one of the print, the print and dark summer.

ALL essential dress here to be worn. Don't Miss! Little will be glad to help. Send your postage for the Godey House Edition.
