Newsletter of the Northern Ohio Regional Group #20 Early Ford V-8 Club of America

Volume 19 Number 4

April 2012

Mission Statement: “To preserve and authentically maintain vehicles manufactured by the Ford Motor Company for the model years 1932 through 1953 inclusive, and to serve as an accurate and technical source of information concerning these automobiles for the benefit of its members as well as the general public.”

Message From The President:

Now, I believe we are going to be a very busy R.G.#20 this year. I was looking at the event calendar and I'm ready for the road. We have a very busy May for there are sure enough things to do. I know it is hard to do everything but it sure is fun trying. We start out with the P.A. group with an overnigher in Pennsylvania which sounds like a great tour. The Collette's have put a lot of thought and energy into this one. Neal has been working on a Mid-May day trip that sounds like fun. Finally at the end of May Foster and the Illinois group have a 3 day trip to the Kokomo Indiana area with lots to do and see.

The Nifty Fifties are planning a "Hamburger Run" sometime soon and maybe we can join them. It's really neat to see how everyone is jumping in and doing a little bit on their end. It sure makes things run a lot smoother. There are also some great programs coming up at our meetings.

Last month I was in total awe listening to Mike Selig. Even though it was not about cars or related to nuts & bolts, his talk held my attention. Doing surgery on a fish? Are you kidding me? It's a lot simpler doing a valve job on an old V-8. I think a trip to the zoo would be neat. Maybe some one will step up and create a day at the zoo.

Air up them tires and lets get them rolling.

Happy Easter,
Jeep

April Program: Rich Jandrey has lined up another interesting speaker for our April Meeting. Mr. Bill Nehrenz of Cuyahoga Safe and Lock Company will share with us information regarding home and personal security. He will discuss car keys, locks, home safety and bank card security.

Editors Message: Wishing you a “Happy Spring”. I hope you took advantage of the beautiful March weather getting your V-8's road worthy and ready for the summer cruising season and our busy social schedule.

Reminding you that your editor needs your co-operation in receiving your information for the Headliner by the **FIRST OF EACH MONTH.**

Incidentally, **Regis Schilling** is doing a fantastic job with our N.O.R.G. web site.

MINUTES FROM THE N.O.R.G. MEETING OF March 16, 2012

President Jeep Iacobucci called the meeting to order at 7:30 PM. The membership made their introductions. Jeep asked Rich Jandrey to introduce our program guest Dr. Mike Selig DVM from the Cleveland Metro Parks Zoo. He grew up in Avon Lake and had some interesting pets while growing up. Mike started out in a Small Animal Practice then moved to the Cleveland Metro Parks in 2010. Mike had a Power Point presentation on the state of the art treatment center at that the Zoo. The Zoo has over 2500 animals and 600 different species. Mike does surgeries at the Treatment Center and talked about a couple of the surgeries that he had done. The operating rooms have 2 way mirrors so that visitors to the center can view the operation. He does research, trains, and when there is a increase risk in an operation it increases paper work. Mike had a question and answer period.

Jeep thanked our guest and opened the business part of the meeting.

A thank you was given to Foster and Peggy for the cookie Volunteers for March.

The Treasurer reported the treasury balance and reported that the yearly audit was completed by Lois Stallard. The books balanced to the penny.

Neal Garland read the minutes for the February since our Secretary was not in attendance.

Northern Illinois RG (NIRG) (Hosts) and Northern Ohio RG (NORG)
NORG Coordinator: Foster S. Buchtel (330.923.0368)**

Thursday, May 31 – Leave Ohio, NORG driving tour to Kokomo, IN to meet NIRG

Friday, June 1 (With the Northern Illinois Regional Group)

GRISSOM AIR PARK & MUSEUM – Named for Indiana native Virgil "Gus" Grissom, the second American astronaut to fly in space, who tragically perished in the Apollo 1 launch pad fire in 1967, this museum has an outdoor display of approximately 20 aircraft and an indoor museum containing artifacts related to the 305th Bomber Group and interesting sit-in displays, including cockpits of a replica 1903 Wright flyer, a UH-1L Huey Helicopter, and a F-4C Phantom. **Cost \$2.00/person**

ELWOOD HAYNES MUSEUM – The former home of Elwood Haynes who is credited with developing the first commercially built automobile (1893-4), inventing the metal alloys satellite and martensitic stainless steel, and – with the Apperson brothers – formed the first company in the United States to produce automobiles profitably. Many of Haynes' original inventions and automobiles are housed in the Museum. **Donation \$1.00-\$2.00**

DINNER & TOUR: SEIBERLING MANSION – In 1887, Monroe Seiberling of Akron, OH (and uncle of Goodyear Tire and Rubber Co. founder, Frank Seiberling) opened the Kokomo Strawboard Co., a maker of shoeboxes, and later, the Diamond Plate Glass Co. Construction of the Mansion, featuring a mixture of Neo-Jacobean (Queen Anne) and Romanesque Revival styles took two years (1989-91) at a cost of \$50,000. The Mansion now serves as the main museum for Indiana's Howard County. **Cost \$35.00/person**

Saturday, June 2 (With the Northern Illinois Regional Group)

KOKOMO AUTOMOTIVE MUSEUM – In addition to more than 100 classic/vintage cars on display, the visitor can enjoy vintage advertising, clothing, antiques and a great collection of signage and memorabilia relevant to the history of these cars. Step back in time and enjoy the 50s diner and service station diorama, and take time to visit the gift shop. **Cost \$3.00/person**

JAMES DEAN MEMORIAL GALLERY - Housed in a beautifully restored 1890 Victorian home resting on a nostalgic tree-lined street, literally thousands of items of James Dean memorabilia reflect on the short life and career of one of the most remembered personalities in film history. Sadly, his love of cars led to a tragic death at age 24 in a California highway accident in 1955.

Sunday, June 3 (With the Northern Illinois Regional Group)

After continental breakfast at hotel, depart for home, or visit downtown Kokomo for their famous Art Fair starting at 11 a.m.

Early Ford V-8 Club of America Judging Changes Effective in 2012

Proposal 1

There are some changes I would like you to consider relative to the **Rouge Class**. First off, because of the brief nature of the Rouge judging form, (if you haven't seen it, there are 3 yes/no questions) there is no place for the car owner to sign the sheet. This has led to car owners being ignored during the judging process and many times not knowing their car had been judged until they returned from their own judging duties. The owner is then blindsided at the awards banquet when he finds his car failed to meet with the judge's approval of originality in one or more of the categories when the award is announced. In my opinion this is unjust.

This was passed. The Judges will now be required to speak to the owner of Rouge entries as they are now required to speak to other Concourse judged entries. The Rouge judging form will be changed to include a space for the owner to sign the form after consultation with the deputy.

Proposal 2

Another issue is drivability. The newest Rouge cars will be 58 years old in 2012. Because of the brittle nature of some of the original wiring, I would like to propose some consideration for replacing old wiring that has lost its insulation.

This change to the Rouge Class for "Allowable Replacement Parts" was approved. The Judging Manual will be updated and incorporated into the printed version in the Roster. A statement that the "Minimum amount of wiring be replaced to ensure dependable operation and drivability is allowed." will accompany this. This is intended to discourage wholesale changing of all wiring and looms. The JSC Secretary will change the Rouge Judging form.
