HAPPY NEW YEAR

Message From Our President

The first thing on my list of things to do is to thank Neal Garland for a great job as past president. I have got to give the guy a lot of credit for taking on the extra time since there was no one that stepped up to take on the post.

Yes, I'm getting a lot off my chest as to the reclining status of N.O.R.G. I've been upset about the attendance at meetings and outings. In the past folks told me how they wished their regional groups were as active as ours. That made me feel good. Well, I hope I can start to hear that again.

I understand we are all getting older. That doesn't mean we have to sit down and wait for things to happen. We can all do something. There are 8760 hours in a year. If we sleep 1/2 of that time it will still leave us 4380 hours to do something constructive. I'm sure each and every member has an idea, or some talent he/she can contribute to the well being of N.O.R.G. to put us back on top of the heap.

Enough bellyaching!! I wish everyone a very Happy and Healthy New Year. I hope you can put-up with me for two years. I also want to thank all of the officers that were elected and agreed to stay on. We have a really great assembly of talent. In addition I would like to thank Annette for taking on the newsletter and for Foster for returning to the task of V-8 correspondent. They are thankless jobs but I know those two will do a great service for N.O.R.G.

Please support all offices with any help you can. Every little bit helps. Okay!! Lets have some fun with them V-8's.
