## PRESIDENT'S MESSAGE

At last, March is here! It doesn't seem possible that February only has 28 days. Seems more like 82 days, doesn't it? But with the arrival of March we begin anxiously waiting for the rain to finish washing the salt residue off the roads so we can get our flatheads out for that

absolutely necessary spring shake-down cruise. Although, of course, what also seems to be absolutely necessary is a March snowstorm or two just to keep our enthusiasm from getting too far out of bounds. Why that is absolutely necessary, I don't know—but it just seems to work that way.

As we prepare for another flathead season—the 40<sup>th</sup> for NORG-- please think about ways you can contribute to the continued success of our club. We need cookie/coffee volunteers for the remaining months of 2009, so a sign-up sheet will be passed around at the March meeting. Here is your chance to try out that new recipe! We also need ideas and volunteers for our after-meeting programs and for club activities. Please let Alex and Debbie (our program committee) know if there are any particular types of programs you would especially like to see. Jeep Iacobucci and Barb Soltis are in charge of activities and would welcome your input. Don't be bashful!!

We will be back at our regular meeting place in the Stow Safety Building this month.

See you there!

**Neal Garland, President**

### On March 17th everyone is Irish

When Irish eyes are smiling  
Sure it's like a morn' in spring.  
In the lilt of Irish laughter,  
You can hear the angels sing.  
When Irish hearts are happy,  
All the world seems bright and gay.  
And when Irish eyes are smiling,  
Sure they steal your heart away.

### A Leprechaun's Toast

May those that love you, love you,  
And those that don't love you,  
May God turn their hearts.  
And if he doesn't turn their hearts,  
May He turn their ankles,  
So you will know them by their limping!

While looking through my paper files for something Technical I came across this article. It was received on the back of a letter Dated November 30, 1988 thanking our Club for assistance at the 1988 Grand National Meet. I thought that this month would be a good time to share this as our Touring Season is about to begin.

## ITALIAN TUNA, GREEN OLIVE AND TANGERINE SALAD ON GRILLED BREAD

### Notes:

#### Make Ahead

The tuna salad minus the tangerines can be refrigerated overnight. Fold in the fruit and grill the bread just before serving.

For a great Lenten Lunch

### 1. Ingredients

- 1 medium tangerine
- 1 (8 ounce) jar Italian tuna in olive oil, drained and lightly flaked
- 1/4 cup mayonnaise
- 16 pitted Picholine olives, chopped
- 2 tablespoons minced chives
- 1 tablespoon minced shallot
- Salt and freshly ground pepper
- 1 baguette, split lengthwise
- Extra-virgin olive oil, for brushing
- 1 large garlic clove, peeled

### 2. Cooking Directions

- Light a grill. Peel the tangerine, removing the white pith. Using a small, sharp knife, cut between the membranes to release the sections onto a plate. Cut the sections into 1/2-inch pieces; discard any seeds.
- In a large bowl, mix the tuna with the tangerine pieces, mayonnaise, chopped olives, chives and shallot and season with salt and pepper.
- Brush the cut sides of the baguette with olive oil. Grill over high heat, cut sides down, for 2 to 3 minutes, or until browned and crisp. Turn them and grill until lightly browned on the second side, about 30 seconds longer. Rub the cut sides of the baguette with the garlic clove. Mound the tuna salad on the grilled baguette, cut into 8 pieces and serve.

Yield: 8 servings

## Attention

### Help needed for 40th Anniversary Group

The committee is putting together a digital slide show that they will be running before and during the Anniversary dinner. They are looking for pictures from the early days (*remember when everyone looked good in bathing suits & did mischievous things at the Nationals?*) till recent (*no comment - oh well we still look good and act like kids*). So please look through all those old Photos and get them to Regis or Craig.

#### Regis

This sounds like it will really be a fun thing to see, especially if you all contribute and we get a variety of photos for sure they are out there. *georgene*

We all get heavier as we get older because there's a lot more information in our heads. So I'm not fat, I'm just really intelligent and my head couldn't hold any more so it started filling up the rest of me!

That's my story and I'm sticking to it!
